

## PhD grants in Public Health at Aix-Marseille University

The Research Unit “Economic and Social Sciences of Health & Medical Information Processing” (SESSTIM) at Aix-Marseille University offers **grants** for **PhD** in **Public Health**.

### Eligibility

As part of the project MEDSe-PubHealth (Mediterranean-South e-Master of Public Health), labelled “Excellence Academy” by Aix-Marseille University, the call concern **students** whose past and current academic progress reflects **excellent results** attested by a good academic record, graduated in master’s degree **from another university than Aix-Marseille University**.

### Research programme

Areas covered by this call concern biostatistic, medical informatics, epidemiology, public health, economy, social sciences in medicine.

All prospective applicants can submit their own research program, in line with research themes of SESSTIM’s Research Unit, or apply to a project proposed by a member of SESSTIM’s Research Unit.

The supervisor must be a member of SESSTIM’s Research Unit, accredited to supervise research (HDR diploma). Candidates are required to make contact with potential supervisors before they apply.

### Funding

1415 € per month during the three years of PhD (net monthly remuneration subject to change in social security charge).

### Deadline for applications

June 15
